Curriculum vitae / very short version

Philippe Rahm

Philippe Rahm is a swiss architect, principal in the office of “Philippe Rahm architectes”, based in Paris, France. His work, which extends the field of architecture from the physiological to the meteorological, has received an international audience in the context of sustainability. His recent work includes the first prize for the Farini competition (60 ha) in Milan in 2019, the 70 hectares Central Park in Taichung, Taiwan, completed in December 2020, a 2700 m2 Exhibition architecture for Luma Foundation in Arles, France. He has held professorships at GSD Harvard University, Cornell, Princeton or Columbia University where Mr Rahm is currently Dean’s Visiting Associate Professor. He is a tenured associate professor at the National Superior School of Architecture in Versailles, France (ENSA-V). In 2020, he is the curator of the exhibition “Natural History of Architecture” at the Pavillon de l’Arsenal in Paris. “Climatic architecture”, a monographic book is published at Fall 2023.

Curriculum vitae / medium version

Philippe Rahm
